

WITKIN

April 8, 1952

Dear Evelyn--

I just wanted to suggest that the next issue of MGB reiterate the charter principles expressed in its first issue. The bulletin has already grown to far larger proportions than any of us would have visualized. If it is to retain its informal character at all, it should be insisted that its communications are not available for citation in publications. Quite unintentionally, Dr. Austráan quoted my comments on Dianzini's note; I would not like to see this repeated.

How is everything with yourself? We're very busy now on some new approaches to K-12 sex. All rumors to the contrary, it's still just that.

Sincerely,

Joshua Lederberg
